HIGH SCHOOL ATHLETES ARE PRIMED FOR OPENING CLASSIC

FOOT BALL SEASON OPENS TOMORROW

Charleroi High School And Bentleyville High Will Pry the Lid Off at Charleroi Base Ball Park Tomorrow

THE OFFICIALS ARE NAMED

The Kickoff Will Be Promptly At 3:15 — Team Is In Good Shape For Opening Game — Homestead Getting Ready For Charleroi Game

Yesterday's practice session was spent in going over the plays that Charleroi will use in their opening game tomorrow afternoon with Bentleyville High school. Coach Stepanian intimated that he would start his second backfield, composed of Wagner, Torbert, White and Laverick, the latter displacing Arrigo at the start of the game. It looks as though Cantoni will start at one of the guard positions. His play the last few days warrants a try on the first string line. Anthony and Chacko are being groomed for the end positions to relieve Shephard and Feehan, should it be necessary. If the first string backfield is called into play, Crabb will be called upon to do the punting. His work in this department has been very good. He places his kicks well and gets them away quickly, but still allows his ends chance to cover them. Wagner will do the kicking while the "pony" backfield is in play.

Bentleyville is coming over to Charleroi determined to show the Charleroi fans that they know how to play the game. Dr. Herrington, former Pitt luminary, is assisting in the coaching and from all reports their line play is first class. This game will serve to try out Charleroi's green forwards and will give fans an idea what they will be able to do against Homestead High school's line which will average 175 pounds from end to end. No matter how good the backfield may appear on paper, they cannot successfully buck two lines that is their own besides that of the opposing team. Charleroi has two experienced backfields that have been tried and not found wanting so it remains for the linesman to play "heads up" football from beginning to end if the team play of the season is to be a real success. Individual play does not count in modern football and if gains are to be made by our backs it calls for the unified effort of each lineman.

Window cards have been distributed by the student manager and it it to be noted that the price of admission printed upon the cards calls for fifty cents for adults and thirty-five cents for students. For Friday's game this is incorrect. The general admission for all will be twenty-five cents.

The field will be in condition as Student Manager John Berryman and his assistants Edwin Hindmarsh and Wm. Sutherland have been hard at it all week. The rope, closing off the playing field, will be up by Friday. Parking will be allowed on the east side of the field.

The officials for the game will be as follows: Referee, "Doc" Smith, umpire, Dave Glunt; head linesman, Ralph Malcolm. Kick-off at 3:15 promptly. It is expected that a large crowd will welcome Stepanian's 1924 model. Cheering practice was held yesterday in the high school under the direction of Cheer Leaders James Russell, "Bennie" Trnavsky and John Halstead. The stage is all set for prying the lid, so "let's go," Charleroi.

Word was received this morning from Mr. Van Kirk requesting that the game Friday with his Bentleyville High School team be taken in the light of a practice game. He states that their regular schedule does not commence until September 27, and he simply wants to try out his squad against some strong opposition to get them in condition for their opening game at home.

The Homestead Daily Messenger commenting on the prospects of their team for this season, says:

"The opening game of the season will be played at Homestead Park, Sept. 26, against Norwin High school. This will be one of the hardest games of the season for the local gridders. Norwin is said to have a wonderful team this year, having lost only a few men by graduation. Last year they succeeded in defeating the highly touted Wilkinsburg eleven to the tune of 13 to 2.

"This game will be followed by one with Charleroi,considered to be the high light of Homestead's schedule. This game will be played at Charleroi.

"The following week, California High school will come to Homestead Park. Last season this team lost only to Kiski and Slippery Rock. With three games like these, the Steelers have their hands full. The remainder of the schedule is slightly easier.

Coach Campbell says the fact that squads are picked does not necessarily mean that the teams are picked. The positions are still as wide open as they were the first day of practice, and will be so until the evening before the Norwin game. The boys realize this and competition for the various berths is very keen."

We wish to correct the Daily Messenger on their California score last year. The California High school team lost only one game last year and that was to Charleroi High by a score of 6 to 0.

STEPPING ON THE GAS ENRICHES THE TREASURY

Monessen opened up a new section of street in the lower end of town this week and autoists have been stepping on the gas with the result that an even dozen Tuesday and the same amount yesterday were handed a ticket that cost $10 if paid in cash or $15 if you wish to have a hearing. The majority took advantage of the reduced rate and paid the officer on the delivery of the ticket. It is claimed that drivers ahve been traveling at the rate of 35 and 40 miles an hour on this street.

STOCKDALE LADY DIES AT CRESSON

Miss Irene Noteas, aged 21, a native of Greece, died Tuesday at noon, September 16, at Cresson, where she had been a patient since January. The deceased made her home with her brother John Noteas of Stockdale before her death and the body was taken to his home today, where funeral services will take place tomorrow, followed by interment in the Charleroi cemetery. The deceased is survived by her parents, Mr. and Mrs. C. Noteas of Greece and a number of sisters and brothers of this country.

Explosion Of Sewer Gas Last Night

Considerable excitement was caused at the corner of Luella avenue and Third street last night at 7:30 o'clock when an explosion occurred in the sewers in that section of the borough caused by the accumulation of sewer gas.

When the explosion occurred the sewer tops in that vicinity were blown off in several places and many residents thought it was a gas explosion in one of the buildings. A large crowd gathered and a call was sent to the police station for the police. Chief Murphy responded and had the sewer tops replaced.

It was rumored that the explosion had been caused by small boys dropping lighted matches in the sewer drops to see the man hole lids come up, but there is no proof that any of the children indulged in that dangerous practice.

MONONGAHELA STREETS ARE BEING IMPROVED

Improvement of Sixth street from Marne avenue westward toward Fourth street, Monongahela, is advancing rapidly under the direction of the city engineer's office. Laying of cement along the left side of the street has been completed and pouring was started today on the opposite side. The improvement project at Nelson street, which is being graded and improved, is also showing progress and will be completed before long. Nelson street, which ascends into the hill district from East Main street in the First ward, affords an outlet for hundreds of property owners in that district.

RUSCHER FILES AMENDED BILL OF PARTICULARS

Pittsburgh, Sept. 18—Henry C. Ruscher, of Syracuse, New York today filed an amended bill of particulars to his suit againset Miles Kitch, former Mayor of Erie, Pa., asking $25,000 damages for the alienation of his wife's affections. The original suit was filed in federal courrt, August 11.

Ruscher stated that shortly after his wife obtained a position as buyer in an Erie Dry goods store, his wife and Kitch lived at various places as man and wife. He claimed he pleaded with her to return because of their child, but she refused.

LONG BALLOT AT COMING ELECTION

From present indications there will be seven or eight party names on the ballot for the November election, although reports of merging of some movements are in the air. he law requires on additional space, so that there will likely be larger ballots than at the election for years ago to confront the ePnnsylvania voter.

100-GALLON STILL FOUND BY POLICE FORCE OF MONESSEN IN BAKERY SHOP

One of the largest stills ever found in operation was picked up by the police of Monessen yesterday afternoon. The still was found on the second floor of the Fontanelli Bakery Shop at 37 East Donner avenue and had a capacity of 100 gallons. It was made of copper and was modern in every respect, and was over eight feet long. In the cellar of the bakery the officers found 500 gallons of mash and 5 gallons of the finished product. Another still of 25 gallon capacity was also found in the building. Bruno Monti, the alleged operator of the still was arrested and left a forfeit of $105 for a hearing before Mayor Woodward this morning but did not put in his appearance.

On three other occasions stills have been found at this place, the largest of the previous raids netting one of 75 gallon capacity with 50 gallon of the finished product. It is believed by the officers that Monti was in the wholesale moonshine business.

Dames Of Malta Gather At Home Of Anna Iron

One hundred and sixty members of the Starr of Hope Sisterhood, No. 263, Dames of Malta, of Belle Vernon, gathered at the home of Mrs. Anna Irons of Iron Stop last evening to enjoy the annual festivity. The evening was spent in games and dancing. Mess call came between the hours of 9 and 10. Roasted corn, "hot dogs" and coffee were served by the committee, which included Mrs. Grace Postelweight , Mrs. S. B. Orndorff, Mrs. John Deitz, Mrs. Ethel Jones, Mrs. Jackman, Mrs. Mountser and Mrs. Smith. Square dancing as the grand finale. Everyone present spent a most enjoyable evening.

COAL GOING TO THE LAKES

Coal movements from the Pittsburgh district over the Pennsylvania and other railroads of the district, have been increasing steadily since first of the month and officials of the roads expect a rush in orders for lake shipment during October and the first half of November. The Pennsylvania has approximately 60,000 coal cars available for this business.

Practically no coal from the Pittsburgh district was shipped to the lakes during the summer months. About all of the summer shipments were made from the West Virginia fields, and it is said this was because of price conditions. This business began to come to Pittsburgh coal men early this month, however, and it is now expected that the Pittsburgh district will get about 50 per cent of its normal summer lake shipments during the next two months, or before lake navigation closes. This business in former years usually started in June, giving Pittsburgh roads about five months to meet the lake requirements.

A report comes from Sandusky, where a large proportion of the West-Virginia coal was transferred to boats for transportation to the northwest, that coal loading figures continue to increase over previous years. The report is of September 5 and shows that 2,114,947 tons have been dumped into holds of vessels bound for the northwest since the opening of navigation this year.

DOG LICENSE INCRESAE.

Harrisburg, Sept. 18—Increased activity by field agents has resulted in 27,000 more dogs licensed in Pennsylvania during the first seven months this year than all of last year, according to a statement of the Agriculture department today.

HEAVY FINES IMPOSED ON FOOD LAW VIOLAERS

Harrisburg, Sept. 18—The high cost of beating the food law was exposed today by Director James Foust of the State Bueau of Foods.

Foust reported $10,000 in fines collected last month. One huckster, he said, paid $200 fine for selling stale eggs while a meat dealer was fined $100 for having too much water in sausage.

A Delaware county soda water vendor had to pay $50 as the result of selling a little root beer with sacharine instead of sugar to sweeten it.

Sulphur in ground meat brought $1800 from butchers who had to pay the bill to the state.

Skimmed milk netted $2,959 for the state at the expense of indiscreet dealers who "made too many trips to the well."

Charleroi Man Is On Board Of Managers

John D. Berryman of Charleroi was named on the board of managers at the first session of the Sixty-first Annual convention of the Western Pennsylvania Christion Missionary Society of the Christian church, which opened in Connellsville yesterday, with an enrollment of 250 delegates from all over this section of Pennsylvania.

In addition to resolutions on law enforcement, especially the Eighteenth amendment, opposing war and favoring Christian unity, which were adopted; California, Pa., was selected for the Sixty-Second Annual convention. Three hundred persons attended the Golden Jubilee pageant which was held last night in honor of the Women's Christian Missionary Society.

WEATHER PROPHETS HAVE THE FARMERS WORRIED

Washington, D. C., Sept. 18. — Farmers from all over the country are writing the weather bureau to know if it is true that next year we will have a "summerless summer."

Some back yard weather prophet recently got wide circulation for his statement that all signs lead to the repetition next year of the famous summer of 1819 when frosts occurred every month and the sun rarely shown.

Now the folks out in the country want to know if it will be safe to plant crops—if they hadn't better shift from corn to potatoes and a thousand other anxious inquiries.

The Bureau replied that no man living can predict weather more than a week or 10 days in advance and chances are 100 to 1 that the prophet is wrong, there having been only one such summer recorded in American history.

ARMY FLYERS LEFT FOR ST. LOUIS THIS MORNING

For Crook, Neb., Sept. 18. — The army around the world flyers hopped off for St. Louis at 10:36 today.

Lieut. Smith, commander of the squadron, took the air first. He was closely followed by Lieuts. Wade and Nelson.

A delay of one and one-half hours was caused by misty weather in the early morning.

SEARCH MADE FOR SLAYER OF REA

FALLS FROM PORCH AND RECEIVES PAINFUL INJURY

Mrs. Lillie Strausser of 535 Lincoln avenue, yesterday afternoon at 2 o'clock slipped and fell from the back porch of her home while shaking a rug, and received painful injuries to her right foot. The extent of her injuries have not as yet been determined. An ex-ray of the injured member was taken this morning to ascertain whether any bones were braken. However, Mrs. Strauser is resting well today, according to reports from her home.

Posse From West Newton And Monessen, With Police From Three Towns Work Until Late This Morning on Clue

ONE MAN ARRESTED IN JAIL

Found On Road Below Webster By Officers Murphy, Arnold And Horn—Carried Gun And Mask—Charged With Carrying Concealed Weapons

Monessen and Webster was the scene of considerable excitement last night, when several hundred men armed with most any kind of weapon that could be thought of, searched the woods, hills and valleys from the lower end of Monessen to several miles below Webster, in an effort to find the slayer of Chief of Police Rea of West Newton.

One man was arrested and is in the Monessen police station charged with being a suspicious person and carrying firearms. At first it was thought the right person had been found but later it developed that the man picked up is not Scott.

Late yesterday afternoon Patrolmen Kissler and Dalton of the Monessen police force went to West Newton to pay their respects to Chief of Police Rea and on their way back noticed two colored men leaving the road and going toward the woods. They were commanded to halt, but instead took to their heels. The officers fired one shot after the men but they disappeared before they could be reached. The officers came to Monessen where they spread the alarm and sent word to West Newton. It was not long before a posse started for Webster, and a half hour later 35 machines loaded with about two hundred people carrying all sorts of weapons, flash lights, red lights, and several pieces of rope, were seaching every nook from the river bank to the top of the hill from Bunola to Monessen. Officers from Donora, Monessen and Charleroi searched diligently until late at night. At about 11 o'clock, Chief of Police James Murphy, accompanied by Officer Arnold of Charleroi, and Chief of Police Horn of Monessen were scouring for the negro at Ella Hollow, 2 miles below Webster. Coming along the road at a sharp turn the lights of their automobile flashed on a negro in the middle of the road. The officers jumped out and placed him under arrest. Search revealed the fact that he carried a 32 calibre automatic pistol and had two extra clips filled with cartridges. He also carried two knives and a mask. He was brought to the Monessen police station but citizens of West Newton were firm in their statement that he was not Scott, the alleged slayer of Chief Rea. He gave the name of John Musten and claimed to live at Webster, but inquiry failed to find any person there who know him. He was questioned as to why he carried the gun, knives and mask and gave the excuse that he was on his way to see his future wife and carried the gun for protection. When asked about the mask he replied that this was the first time he had worn the suit since last Hallowe'en and that he found the mask in his pocket.

CHARLES SCHWAB PROMOTES FAIR

Johnstown, Sept. 18—Charles M. Schwab, steel magnate, next week appears in a new role—that of promoter of a county fair.

For two years Schwab has given almost continuous attention to the creation of a new Fairgrounds at Ebenburg, Cambria county seat. He is satisfied now that the Ebensburg fair beginning next Monday will rival anything in the east.

Schwab and his associates have spent $475,000 on the new fairgrounds. They purchased an old exhibition grounds several years ago. All that remains of that grounds today is the outline of the race track, and even that has lost its resemblance to the old elipse. It is twice as wide as formerly. It was planned by a New York architect including the two dozen buildings, large and small, that have been erected in the last 18 months.

LAST OF BODIES ARE RECOVERED

Kemmerer, Wyoming, Sept. 18. — The last of the bodies of 35 miners who perished in the explosion in Sublet mine, No. 5, of the Kemmerer Coal Company, Monday noon, will be removed today. Bodies of 31 victims now lie in the morgue here. Rescue workers said that four others had been located but that there would be some difficulty in getting them to the surface through debris caused by the explosion.

Only 12 men escaped alive.

DIGEST POLL SHOWS THAT COOLIDGE LEADS

New York, Sept. 18.—First returns in the Literary Digest poll of 15,000 voters show President Coolidge running in the lead. Senator LaFollette is second.

The votes number over 25,000 from California, Illinois, New York, Ohio and Pennsylvania, Davis was shown to run third. Compared with the vote polled from the same voters four years ago the Republican candidate fell away slightly and the Democrats somewhat more.

An Inter-City Meeting of Valley Rotary Clubs Was Held Last Night

An Inter-City meeting of Rotary Clubs of the Monongahela valley was held at the Monongahela Valley Country club last night, the clubs of Monongahela, Donora, Monessen and Charleroi being represented by practically all their membership. The Donora club was the host of the evening, Roman E. Koehler acting as chairman of the meeting.

The meeting was in the interest of the crippled children movement in Pennsylvania, which is sponsored by the Rotary Clubs of Pennsylvania. Jim Marshall of Butler was the principal speaker of the evening, and he explained how this movement is growing in the state and what was being done in other cities to restore the crippled child to the point of usefulness. Mr. Marshall stated that in cities where this work is in progress more than 2,000 children who were absolutely helpless have been made normal. In Butler county over 230 children were treated and the majority of them have been totally cured of their ailment or rendered aid that will make them self-sustaining.

Bill Robinson, who is responsible for the organization of the Pennsylvania Society for Crippled Children, the organization through which Rotary works, spoke of the progress being made in the legislature, to enact laws that would permit of more benefits being derived by the crippled child.

Emmett Bailey, of Oil City, Governor of the 33rd District of Rotary Clubs of Pennsylvania, urged every member of the club to become actively engaged in this work.

Music for the evening was furnished by a quartet of Donora.

Huckster Agrees To Return The Money ---Hearing Last Night

H. Golstein, a huckster in Charleroi ran afoul of the health department Tuesday when he is alleged to have sold potatoes that were not fit for consumption as food. Information was made against him by Health Officer Darby on a charge of violating the state health laws and he was given a hearing last night before Burgess J. Bryant Tussing. At the hearing, approximately 20 women of Charleroi, who had purchased the potatoes from Goldtsein appeared against him. Golstein was doing a thriving business in selling what Health Officer Darby claims were scaled potatoes. After statements were given by the ladies who made purchases from Goldtsein, the burgess was convinced that the potatoes were a little shady and enacted a promise from Goldstein that he would refurbse any person that had made purchases from him. Otherwise he would be fined. This seemed to meet with the approval of those present and further action was

SELLING "GROUP" VOTES.

After frankly confessing that "for a drink of liquor and a dollar bill we have packed ballot boxes," it would hardly seem necessary for the editor of the Philadelphia Tribune to urge his (negro) readers to "sell your vote to the highest bidder" and "get the best possible price.' But the editor of the Tribune wants the members of his race to bargain for a good deal more than "a drink of liquor and a dollar bill." He would have them cast their votes for the party that will promise them the most as a race. For this attitude he has been criticised by white editors of his part of the country, one of whom says that the Tribune "falls short of its duty to the race in failing to direct their attention to economic problems of equal concern to both races, and to the importance of taking them into consideration in making a decision."

Of course such criticism is th pointed and pertinent, but it is worth while to note the fact that such a narrow, self-seeking attitude is by no means confined to the negroes of America. There are groups among the whites of this country who approach politics in precisely the same way, dismissing what is of "equal concern" to all and caring only for the interests of themselves as hyphenates and the interests of the foreign nation with which they are allied by blood. For example, the Steuben Society, representing or claiming to represent German-American voters, has just declared for La Follette and indignantly repudiated both the Republican and Democratic parties solely because these, according to the charge, have failed to have at heart the interests of either German-Americans or "of Germany" (!)—an attitude no less narrowly self-seeking and far more preposterous than that of the negro editor mentioned above.

A FEW "HOWLERS."

In the English comic press much is made of "howleds" (ludicrous mistakes) and especially popular are parliamentary mixed metaphors, such as an imperialist's promise to "plant the British flag on the crest of every w ave" and the description in the House of Commons of an official as "a fish out of water riding roughshod over the feelings of the community.' We have had our share of this sort of thing in our legislative bodies, such as the criticism of a political opponent on the ground that "he never opens his mouth without putting his foot in it," but many of our most amusing "howlers" are found in shop window and other signs. Among some recently reported are the following: "Selling out at a loss on account of partnership desolatie.;" "Panamas bleached, ladies a specialty;" "No dog allowed on these premises unless accompanied by an older person;" "The management reserve the right to exclude any lady or gentleman whom they think proper." A window advertising "moist notions" and "moist dry goods" is rendered explicable only by the information that the proprietor's name is Moist.

But the funniest are reported from shops in Japan seeking the business of English speaking travelers. For example: "Ladies have fits upstairs (dressmaking); "Ladies' furs made up out of their own skins" (furrier); "Resistant wet-coat maker" (raincoats); "European head cut" (barber shop); "Ripe Eggs" (corner grocery;) "Ladies washed inside and out" (laundry.)

McGRAW LETS OTHERS WORRY

BY JOHN J. McGRAW
Manager of the New York Giants.

New York, Sept. 18.—While I do not care to make rash statements or predictions, I can voice my opinion about the National League pennant race by saying that the Giants are letting the other fellows do the worrying. I have had confidence in the team since the season started and there is no real reason to waver now.

The Giants are an experienced ball club. They have been through places just as tight in the past three years and they survived because they were able to recover after every slump. We have had several slumps this year and we were unfortunate in losing the big lead with which we turned into the last stretch but with all of it we were able to hold our own and keep off the rush of the Brooklyn and Pittsburgh clubs when they were playing their very best ball.

It is something for a ball club to keep its head up and its feet steady ing through the league like the Brooklyn club was. But the Giants did that and they played their gamest ball when the situation was the most serious.

A Charleroi flapper and her best beau were sitting on a davenport listening in for the first time on dad's new radio set. The fact that both were wearing headphones did not prevent them from snatching an occasional kiss. Just as they were in the midst of a particularly long embrace came the voice of the radio announcer:

"Take Those Lips Away."

"Oh, George!" gasped the girl, blushing and drawing away. "Oh, George! They can see us!"

BOXERS ARE READY, WEATHER MAN IS GOOD, MASON AND GREB COMING, BIG NIGHT FOR FANS

The weather man seems to favor the Charleroi fistic fans and by the looks of a clear sky today and the advance sale of seats the boxing show at the base ball park tonight given by the Charleroi Lodge of Elks will be one of the biggest affairs of the kind ever held here.

[illegible] named the officials for the affair as follows: Referee, Martin Deitz; Judges, Joseph Connell, Jack Mier and L. L. Lowstuter, Henry Swickey, time keeper; and Frank Delvaux, announcer.

The matchmaking and general arrangements are in the capable hands of Walter Campbell and George Vetter, who have left nothing undone to make this last outdoor show of the season a banner event.

The main bout is attracting attention all over the country. It is conceded by Pittsburgh ring experts that Johnny Horvath will give Cuddy DeMarco the fight of his life tonight. Horvath arrived in Charleroi last night. He looks to be in the pink of condition and promises to give a good account of himself.

The semi-final between Judy Muraz of Charleroi and Eddie Bayne of Verona is coming to the front as a bigger attraction than it is being given credit for. These two boys have never met before, but it has leaked out that they have been trying to get at each other for some time. Charleroi fans know what Muraz can do and the friends of Bayne are of the opinion that he will give the local boy a sound trouncing.

Willie Davies' brother, Davy, of Roscoe, and Pug Phillips of Charleroi reported this morning that they were ready. They are counted upon to put up a good fight and Davies estimates that he is going in for a knockout.

The fans are warned not to be late, for that first bout which starts promptly at 8:15, will be one of the banner attractions of the evening. It will be the slugging match of the show between the two big men in the heavyweight class. Kid Dudley, a big strong negro, known as the light heavyweight of Ohio, will meet Tommy O'Mara, a big Greek from Donora. Dudley has been in training here for several days and has shown that he can hit, has a long reach, and is scientific. Not much is known of O'Mara except that he has never been knocked out.

James "Red" Mason, manager of Cuddy DeMarco, phoned this morning that he and Harry Greb would be here for the fight and that they would be in DeMarco's corner. The fighters will weigh in at 3 o'clock this afternoon.

The same arrangements for the seating of the large crowd will be in effect as the last show, except the last row in the grandstand will be classed as grandstand seats instead of general admission. The grandstand seats directly back of the ring will be ring-side seats. The ring and judges stand will be the same as at the last show.

D. M. McCLOSKEY AND HAROLD TAYLOR IN MATCH FOR A CUP

Monongahela, Sept. 17.—The final match of the 1924 cup play will be played Thursday afternoon at 3 o'clock at the Monongahela Valley Country club, by Harold Taylor, of this city, and D. M. McCloskey, of Charleroi. On Friday afternoon, October 3, the Nemacolin Country club will play a return match on the local course.

HARRY GREB AND GENE TUNNEY DRAW IN BATTLE

Cleveland, Sept. 17—Harry Greb, middleweight champion of the world and Gene Tunney, light heavyweight champion of America, battled through 19 slashing rounds at Tommy McGinty's Olympic Arena on the outskirts of this city tonight and at the end the majority of ringside critics were of the opinion that it was a dead heat.

It was a see-saw affair from start to finish. Greb opened up the affair with his customary whirlwond attack, carrying the first round by a fair margin. He elected to stay at long range, flailing away with dexterous rights and lefts, shooting to the head and body almost at will.

Just when it began to look like a one-sided affair in Greb's favor, Tunney cut lose in the second round with a wicked body attack, slowing the Garfield landlord up perceptably and forcing him to break ground. And so the battle swayed throughout the full 10 rounds. The battle narrowed down to the final round with Greb slightly in the lead. He cut lose in the final round, chasing Gene about the ring with long rights and lefts to the head and body.

And then he ran smack into a hard right hook to the put of the stomach. This slowed him up again and from then on it was a wrestling match. Gene attempted to shoot again to the body, with Harry covering up. he final round was Tunney's, thereby evening the count and causing the draw verdict of the majority. Greb was the aggressor throughout with Tunney landing more cleanly to the body.

The big wooden bowl was jammed to its capacity long before the start of the contest. The fact that the bout had been postponed three times and then put back for a full week apparently had no effect on the drawing power of the contest. The gate will likely total close to $20,000.

LIST OF PLAYERS FOR WORLD SERIES GIVEN TO LANDIS

Chicago, Sept. 17.—Names of players of six major league baseball clubs which are contenders for pennants in the American and National leagues will be submitted to Baseball Commissioner Landis at a special meeting in New York next Sunday.

Representatives of the three leading clubs in each league have been invited to attend and preliminary details regarding the world's series will be discussed.

The series probably will start on October 2.

The players on the American league roster are members of the New York, Washington and Detroit clubs, while the National League players are listed on the rosters of the New York, Pittsburgh and Brooklyn clubs. All were under contract and with their respective clubs on September 1, 1924, and are eligible to play in the fall classic, if their team wins the pennant in its league.

The Pittsburgh list of players eligible are McKechnie, Adams, Barnhart, Carey, Cooper, Cuyler, Ens, Gooch, Grimm, Knox, Kremer, Bigbee, Cullotin, Meadows, Moore, Morrison, Mueller, Pfeffer, Rawlings, Schmitt, Smith, Stone, Traynor, Wright, Yde, Maranville.

YESTERDAY'S GAME LOST TO PIRATES; NO SCHEDULE FOR IT

Philadelphia, Sept. 17.—Pittsburgh's representatives in the National League race sulked in their tents through this afternoon and evening. A penetrating rain which began to fall in the early morning hours caused a cancellation of the single battle carded between the Pirates and Phillies. The unplayed game does not go into the postponement category, which is the reason why the Pirates pouted. The game is "gone" as far as additional victory is concerned, as there is no room in the schedules of the two teams unless three games could be run off tomorrow, which action will not come to pass.

Back in 1920 the Pirates and Reds staged a triple-header at Forbes Field. The innovation was not popular and it will be a long time before it is tried again. The Quakers and Pirates will try to get together in a bargain bill tomorrow. The fears of the Buccos tonight are grounded on a suspicion that the elements may prevent the two farewell games.

NEMACOLIN WINNER OVER WHEELING BY SCORE OF 26½ TO 9½

Golfers of the Wheeling Country club were defeated by a score of 26½ to 9½ in an invitation match with the Nemacolin Country club members on the Nemacolin course near Beallsville yesterday. Some exceptionally good scores were turned in by the Nemacolin players, the round counting in the play for the trophy offered by Kerfoot W. Daly, club president. Though the score was one-sided, the Wheeling players made close fights in nearly every match. The members of the two clubs will meet in another match at Wheeling on October 8.

MAYOR ANGRY WITH AGENTS

Connellsville council and the mayor in particular are all wrought up over the proposed purchase of some new fire hose, and at the meeting of council Monday night the mayor gave vent to his feelings about the matter. Mayor Mitchell said, "I don't propose to work my damn fool head off trying to save money for the city and then give it to some fire hose agents."

An overzealous salesman who at first wanted as much gravy as any of the other several salesmen who submitted bids recently, has stirred up a hornet's nest in trying to prevent the purchase from anybody but himself. For the past 12 years Connellsville firemen have been using fire hose made by the Quaker City Rubber Company, and, according to Fire Chief DeBolt, this hose has proven entirely satisfactory. The Quaker City company submitted a price of $1.25 per foot, five cents less than a year ago, but 23 cents more than was submitted to the city of Easton, Pa., according to a letter addressed to City Clerk McKesson. This price, however, was for 5,000 feet and quoted direct from the factory, thus eliminating the agent's commission, it was said.

But, regardless of the facts in the Easton case, Mayor Mitchell characterized the fire hose business as a "damn crooked buiness," and he directed the city clerk to correspond with the Quaker City company and demand that Connellsville be given an opportunity to buy the brand now in use here at the same figure it has been offered elsewhere.

The Mayor admitted he didn't know anything about fire hose, good, bad or indifferent, and he can't see why there should be any difference in price whether on a quantity of 1,000 or 5,000 feet.

"There's something wrong some place, too much difference," said the Mayor.

The agent representing the Bi-Lateral Hose Co., who seems to be responsible for the controversy which has held up the purchase of the hose, was charged by Councilman Cypher with having made him an offer of 15 cents per foot if he would recommend the purchase of the brand he sells. Chief DeBolt intimates he had been made the same proposition.

"If you have any presents to make, state your proposition to Council," Mr. Cypher said he told the agent.

In Society's Realm

The Jane Allen society of the Christ Lutheran church, will hold its first meeting after the summer vacation this evening at the home of Miss Dorothy Watson of Lock No. 4.

The Ladies Aid of the Washington Avenue Presbyterian church will hold a business meeting at the church this evening at 8 o'clock. Matters of importance will be discussed at this time and all members of the society are urged to be present.

This evening in the Dugout, Charleroi Post No. 22, American Legion will hold its regular meeting. The session will be a short one and will begin promptly at 8 o'clock in order that the members who desire may attend the boxing show. The reports of the State convention will probably be given.

Mr. and Mrs. Joseph Gregoire, daughter Miss Pauline and son Paul, of San Francisco, California, who have recently returned from an extended visit in Europe, were guests at the home of Mr. and Mrs. Louis Protin of Crest avenue the first part of the week. They have gone to Butler to visit among relatives there before returning to their home in the west.

At a special meeting of the executive committee of the American Legion Auxiliary, which was held Monday, September 15 in the Dugout, a decision was reached that the first regular meeting of the year would be held Monday evening at 8 o'clock, September 22 in the Dugout. The purpose of the meeting next Monday is to prepare for the annual bazaar, which will be held in the Legion rooms the week of November 19, Armistice week. Plans were made for a card party to be held the first evening of that week. All members are requested to be present at Monday's meeting in order that a good start may be made toward the bazaar preparations.

SUMMIT HOTEL WILL CLOSE NOVEMBER 15

Official announcement has been made that the Summit Hotel would close on November 15. Many requests have been made to Manager Hayn of this popular mountain resort, but he has made arrangements to leave for the south on that date.

Reservations have just been made at the Summit Hotel for September 28, for 250 persons from western cities, who are on their way to Hollywood, Fla. They are traveling by bus, a total of 18 especially built trucks, made by the White Truck company being used on the trip.

Why Bleachodent Is Safest Way To Whiten Dark Teeth

Bleachodent Combination whitens dark, dingy, spotted, stained teeth in an entirely new safe way. Contains mild liquid and special paste. Liquid is highly scientific and embodies certan harmless ingredients which soften surface stains, without affecting enamel in any way. Paste gently removes these softened stains. Perfected by two prominent dentists, who used it on their own teeth and on their patients' teeth for four years, before offering it to public. Its safety is proven. Stained teeth spoil appearance, cause tooth decay and bad breath. Get Bleachodent COMBINATION today for small cost. Beware of cheap liquid imitations. At all good dealers, such as Wagner's, Hennings' and Pipers' Pharmacy.

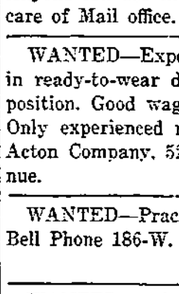
NERVOUS, RUN-DOWN MOTHERS

Worn Out Caring for Children and Housework—See how Lydia E. Pinkham's Vegetable Compound Helps

Indianapolis, Indiana.—"I was in a very nervous and run-down condition while nursing my baby, and hearing some talk of Lydia E. Pinkham's vegetable Compound, I began taking it. From the second bottle I noticed a big improvement, and I am still taking it. I am not a bit nervous now, and feel like a different person. It is a great medicine for any one in a nervous, run-down condition and I would be glad to give any one advice about taking it. I think there is no better medicine and give you permission to publish this letter."—Mrs. Anna Smith, 541 W. Norwood Street, Indianapolis, Indiana.



The important thing about Lydia E. Pinkham's Vegetable Compound is that it does help women suffering from the ailments common to their sex.

If you are nervous and run-down and have pains in your lower parts and in your back, remember that the Vegetable Compound has relieved other women having the same symptoms. For sale by druggists everywhere.

At Last—a Blonde Hair Shampoo!

Keeps Light Hair From Darkening—Lightens Faded Blonde Hair

When light haired people wash their hair in an ordinary way, a thin film of oil is left on each hair, which collects dirt and dust, causing the hair to darken. That is why blondes should always use a special shampoo. For while light hair is always attractive, its beauty is lost just as soon as it becomes uncertain in color, dirty-looking and streaky. Blondex, the new Swedish light hair shampoo, not only keeps blonde hair from darkening, but actually brings back the true golden beauty to even the dullest and most faded blonde hair. Makes hair fluffy, silky. Highly beneficial to both hair and scalp. It is not a dye. Contains no injurious chemicals. Money instantly refunded if not delighted. Get Blondex today at all good dealers, such as Piper Pharmacy, Frank J. John, Mrs. Mary Carroll, E. Keifer Drug Store.

SEATS TOO SMALL—BOY SENT TO ANOTHER ROOM

Lester Jones, a colored boy whose age is doubtful, has the distinction of being the largest first grade pupil in the history of the Donora public schools, perhaps in the entire state. Lester is from Alabama and is enrolled in the first grade room of Miss Edna Davidson. He stands six feet and three-quarters of an inch and weighs close to 160 pounds.

Lester is not only the tallest pupil in the school but he is taller than anyone connected with it. Superintendent Thomas M. Gilland, of the Donora public schools, was introduced to Lester last week when Miss Davidson, the boy's teacher called him to her room to make a complaint regarding the seating accommodation. Superintendent Gilland was about to go away in disgust at the unusual seat complaint, but Miss Davidson detained him and produced the proof.

There was no argument. Lester was sent to join Mrs. Bessie Speer's class in the basement of the First street school, where larger seats are in order.

MOST PITIFUL SIGHT IN LIFE

is a man or woman who has no "will-power" as a result of nerve force exhaustion

All the physical suffering which may be caused by nervous irritability, headaches, backaches, indigestion, heart palpitation, etc., as a result of nerve force exhaustion, are nothing as compared with its awful effects upon the mind and "will power."

The most pitiful sight in life is a man or woman who has "no will"—who has noble impulses and desires but not enough "will power" to carry them through. The memory also fails, the judgment is bad and everything therefore seems to go wrong.

In such cases, do not take mere stimulating medicines nor narcotic drugs (which only further injure your delicate nervous system), but what you need is something to put more nerve force into your nerves and more iron into your blood to help make new nerve force with which to feed your starving nerve cells. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most resembles that in the brain and nerve cells of man. It also contains strength-giving organic iron for the blood and may therefore be said to be both a blood and a nerve food. Millions of people are using it. Satisfactory results are guaranteed to every purchaser or the manufacturers will refund your money. Beware of substitutes. Look for the word "Nuxated" on every package. Sold by all druggists.

Cleans, Polishes and Protects

JOHNSON'S Liquid Wax is the ideal furniture polish. It cleans, polishes, preserves and protects—all in one operation. It rejuvenates the varnish and gives a delightful air of immaculate cleanliness wherever used. It imparts a beautiful, hard, dry, glass-like polish which will not gather dust and lint or show finger prints. Johnson's Polishing Wax takes all the drudgery from dusting. It is easy to apply and polish.

JOHNSON'S LIQUID WAX

WAX all of your floors and linoleum. It will make them beautiful—easy to care for—they won't be slippery—and will not heel print. And WAX is, by far, the most economical floor finish—a pint (75c) of Johnson's Liquid Wax being sufficient for 300 square feet—one coat.

With waxed floors expensive refinishing is never necessary, for worn places can be easily re-waxed as they appear, witnout going over the entire floor.
